Location: Somerset County Educational Services Commission
7 Finderne Ave.
Bridgewater, NJ 08807

Questions? Please contact Melissa at Melissa.sadin@gmail.com

DAY 1

In this highly engaging workshop, participants will:

- Understand the prevalence of trauma in our schools
- Explore their own childhood adverse experience exposure
- Recognize the neurobiological and psychological impact of trauma on children
- Learn the framework for a trauma-informed classroom

DAY 2

The topic covered in Day 2 will be an extension of Day 1 and participants will:

- Interact with the trauma-informed classroom framework
- Consider and explore current and future instructional strategies that can be employed in the classroom
- Understand the intersection between critical thinking/executive function, and trauma-informed teaching
- Understand the journey toward school-wide changes in practice and process.
